

## ***Introduction***

The International Automotive Technicians' Network is a group of more than 45,000 professional automotive technicians from over 100 countries. The automotive professionals of this group exchange technical knowledge and information with other members from around the globe, sharing well over 900,000 years of combined experience!

## ***Membership Requirements***

You must be a working automotive professional with at least four years of full time experience or ASE certification. You must also abide by the iATN Member Agreement:

*As an iATN member I will:*

- Uphold the highest standards of professionalism, competence, and integrity.
- Pursue excellence through ongoing education and the exchange of knowledge and experience with fellow iATN members.
- Maintain quality through the use of proper tools, equipment, parts and procedures.
- Promote public awareness of the importance of quality professional service and the advancing technology of the modern automobile.
- Support and promote the mission and goals of the iATN.

## ***Basic Membership***

When you first join iATN, you start out with a basic membership giving you access to features such as group email, web forums, and live conferences. These services are

provided free of charge, thanks to the member and industry sponsors of this network.

## ***Sponsoring Membership***

For a small monthly fee, this optional upgrade adds special features beyond those available in Basic Membership, including the vast resources of the iATN Knowledge Base.

## ***iATN Knowledge Base***

*An iATN Sponsoring Member Feature*

The iATN Knowledge Base is a collection of relational automotive repair databases including the FIX Database, Waveform Library, Forum Archives, and TechNight Transcripts.

### ***FIX Database***

All iATN member technical help requests, updates, and FIXs searchable by year, make, model, system, symptom, etc.

### ***Waveform Library***

Database of waveforms, component photos and other images. Searchable by year, make, model, condition, etc.

### ***Forum Archives***

Keyword searchable database of iATN web forum discussion threads.

### ***TechNight Transcripts***

An index of transcripts from the weekly TechNight event dating back to July 2000.
